No Limits on Learning

Menu of Support

Support for Children & Young People

Bespoke 121 support for children aged 5 to 11 years that are educated in a Sutton school. Targeted support will include individual sessions with agreed outcomes. Other support may include group sessions, screenings as necessary and requests for additional services and signposting.

Children and young people aged 5 to 18 years who receive a new diagnosis of Autism can access an individual session to help them understand what Autism means for them.

Support for Parents & Carers

A range of workshops can be accessed that include understanding social communication difficulties, Autism and Autism with a dual ADHD diagnosis. Individualised support may also be offered that will include signposting.

Support for Schools

Autism link person training supporting the development and enhancement of skills to support social communication difficulties. Bespoke strategies may be offered in relation to 121 work with a child

Paving The Way is an Early Intervention service that provides a menu of support for children & young people, parents & carers and schools, where a child has a range of difficulties that cause barriers to engagement in learning, social interactions and achieving their full potential.

Difficulties may include:-

- * Social communication
- * Attention & concentration
- * Anxiety & self esteem issues
- * Relationship issues
- * Emotional regulation difficulties

If you have any questions about this service, please contact the Paving The Way Team who will be able to support you
