No Limits on Learning

Education Services Price List

Price List

Dear all,

Welcome to the new year after what has been a unique Summer term and holiday time in 2020. During the Summer term the Cognus teams have endeavoured to continue delivering as much as possible and managed to evolve some tremendous innovative practice to support our Sutton families and colleagues in education. We have learned an enormous amount from our work and will continue to evolve and work with you, ensuring we deliver value for money.

We have been very fortunate to have retained most of our income which has allowed us to maintain capacity within our teams leading into the Summer Term 2020. If/when things change in the future we will 'cut-our-cloth' accordingly.

We really want to develop our online booking system for training and the CPD offer, making sure that administration is kept to a minimum, maximising efficiency, simplifying the booking, payment and certification systems for everyone. In the near future, we will be contacting a number of our schools to be involved in developing this approach. Chloe Morris has completed a tremendous amount of work getting the offer on to the system and so please book your colleagues on to course.

Please see attached our current price list and a more detailed appendix which Nick English has produced as a fore-runner (and pilot) of how we might build future brochures. If you have any comments regarding the way in which this information is presented, please do let us know.

We have maintained prices at 2019/20 levels for this year while we consider what the pricing structure will be from April 2021. Thank you for your patience and for your support through the Covid pandemic.

We look forward to working with you through the early part of September to confirm how we will deliver services and support your work with your students. We will also be evolving the information that we can publish and share through our webpages, the local offer and other media to keep you and other stakeholders informed about what we are doing now and in the future.

If you have any questions, please do not hesitate to get into contact with any of the Cognus team.

Yours sincerely,
Bob

Bob Harrison
Services Director

Price List
