

# Cognus

No Limits on Learning

## Education Services Price List

January 2025

Dear Partners,

I'm pleased to present an updated traded services brochure for Academic Year 2024 - 2025, including many Cognus services you may wish to book for your school or setting; whilst the majority of services are the same as we shared in Autumn, we have incorporated our new offers over the Spring term.

As you will see, Cognus continues to offer a wide range of additional services to support schools and settings around inclusion, SEND, therapies, autism, governors' training and more. It is exciting to see our evolving offer, reflective of the ever-changing demands and duties placed on education.

We are mindful of the pressure schools are facing and have therefore worked to ensure our prices continue to provide an affordable, high-quality and sustainable offer. Any order received from 1 January 2025 up to the 31 March 2025 will be priced using the prices in this brochure.

If you wish to discuss these services specifically before ordering, please contact any of your usual Cognus contacts, or there are service-specific emails included in the brochure. For ordering, please contact our Business Support team on 020 8323 0450 or email [orders@cognus.org.uk](mailto:orders@cognus.org.uk), and the team will be happy to assist.

Cognus' traded income is reinvested into supporting our statutory services and working with children, young people and their families in the local area, ensuring we offer a consistent and joined-up approach to education services.

If there is anything that you do not see in the brochure that you would like to have available to your school or setting, please let us know and we will be happy to discuss what can be achieved at the best possible price. You can also view our fully funded statutory services at [www.cognus.org.uk](http://www.cognus.org.uk)

We look forward to working with you in the future and, as always, if you have any questions, please do not hesitate to get in contact.

Yours sincerely,

**Laura Compton, Services Director**

## INFINITY SUPPORT

Introducing [Infinity Support](#), the one-stop online platform where parents carers, young people and professionals can access a wealth of resources, guidance, and training on neurodiversity. Infinity Support can assist you whether you're looking for information on autism, social communication, ADHD or other areas of neurodiversity.

Infinity Support brings together experts on neurodiversity from across Cognus under one umbrella. Our virtual team is made up of specialists including Autism Advisory Teachers, Behavior Specialists, Speech and Language and Occupational Therapists, Clinical and Educational Psychologists to name a few, each committed to providing expert guidance and support in both educational and home settings.

Whether you're a teacher, parent/carer or other professional, our platform offers:

- **Access to resources:** We provide a variety of factsheets, guidance documents, and videos that help you understand neurodiversity and how to support children and young people effectively.
- **Training opportunities:** Infinity Support offers a range of CPD and resources that equips you with practical skills for working with and/or supporting neurodivergent individuals. These include online workshops and face to face sessions covering topics such as autism, social communication difficulties, dyslexia, ADHD, and more. Training is designed to empower individuals with the practical skills needed to create supportive learning environments.
- **Expert guidance:** Get support from a team of Cognus experts, who bring extensive experience in autism, social communication, and a range of neurodivergent conditions.
- **Access to support:** The Infinity Support offer can be found in our interactive [brochure](#) and showcases our current range of fully funded and traded services, designed to support neurodivergent students in both mainstream and special education settings, as well as in the home.
- **Pathways to support:** Included in the umbrella of Infinity Support is the community assessment pathways for autism with early identification through our Paving the Way Team and on to Cognus Clinical Psychology, as well as the offer of pre and post diagnosis supported including the A-Plan.

While our focus currently includes autism and social communication, we are actively expanding our offerings to include a broader range of neurodivergent conditions. We look forward to sharing updates with you as Infinity Support develops.
